

2018 EWM-EMS SUMMER SCHOOL

Nonlocal interactions in Partial Differential Equations and Geometry

Mittag-Leffler Institute Stockholm, 21-25 May 2018

MAIN COURSES:

María del Mar GONZÁLEZ

(Universidad Autónoma de Madrid)

An introduction to the fractional Yamabe problem

Susanna TERRACINI

(University of Turin)

Geometric aspects of phase separation

INVITED LECTURES:

Begoña BARRIOS (La Laguna)

Veronica FELLI (Milano)

Monica MUSSO (Santiago de Chile)

Mariana SMIT VEGA GARCIA (Washington)

Sundaram THANGAVELU (Bangalore)

ORGANISERS:

Luz RONCAL

Diana STAN

(Basque Center for Applied Mathematics,
Bilbao, Spain)

COLLABORATING INSTITUTIONS AND SPONSORS

This summer school is being organised at the Mittag Leffler Institute under the auspices of the European Women in Mathematics and the European Mathematical Society Women in Mathematics.
